

Caithness Astronomy Group

are delighted to announce a free public talk on

Comets and the Amateur Astronomer in the Digital Age

by guest speaker

Denis Buczynski

Denis is Secretary for the British Astronomical Association Comet Section and in this talk will be describing what comets are, how they appear in our skies and how astronomers can observe and image them.

Castlehill Heritage Centre, Castletown

on

Friday 9th May at 1900hrs

The talk will start at approx 1930hrs.

There will also be a short observing session if the weather permits. Children are most welcome if accompanied by a parent or guardian.
